

### 9th grade Elective-Planning Worksheet

Need help figuring out which electives would fit into your week next year? Use this worksheet to help you choose ones that fit. Freshmen typically have between 1 and 5 free periods each week, depending on elective interests, amount of time spent on outside activities, and learning style.

We have included the courses that nearly all freshmen take. **This worksheet will *not* determine which blocks you will be scheduled in.** This will just help you *visualize* what your week might look like with the electives you are considering

Use the **Head-Royce Upper School Curriculum Summary 2017-2018** to help you choose electives. Oh - don't forget to include alternates in case your first choice(s) happen to both be offered during the same block next year or fills up!

Mon (45 min)		Tue (45 min)		Wed (90 min)		Thu (90 min)		Fri (40 min)
